TAKE THE TIME TO LOVE LAMP

24"D x 68"H

Take the Time to Love. It's a mantra around the Thacker home. Taken with the kind of graffiti that is often scrawled on walls without regard for aesthetics, these words were captured by Sunshine's husband in Beaumont, TX and that photograph, hangs in their home. A reminder of what really matters. Hand built ceramic floor lamp featuring hand painted glaze scene and drum shade with built in dimmer.
